“Every Family We Serve Receive Royal Service That Exceed Expectations”

Bethesda’s At-Need Funeral Packages

For our families to save money on their loved one’s funeral expenses, we decided to offer our families the following at-need funeral package discounts that saves your family thousands of dollars in funeral expenses. If we used the standard line by line item from cost listed in our General Price List (GPL), the same funeral services would cost more that if you choose one of our packet specials. The option is yours; you may choose one of our packet specials or pick and choose only the funeral services needed from our GPL. Choosing individual itemized services from our GPL, the one charge item that by law must be added to your selection is the Professional Service Fee charge.

No packet listed in the specials nor GPL includes the cemetery plot, cemetery admin fees, outer burial containers, opening and closing of grave etc. Each of our cost saving packages contains items and services that cannot be substituted, deleted, modified, further discounted, or changed in any way, except by a paid upgrade.
