The following are some items that are often identified as disbursements. Disbursements are exactly what the charge is, and there is no mark up for these services.

Cremation- We will arrange cremation with any crematorium, but we suggest Cooperative Crematorium in Chelmsford. We are proud to have a good working relationship with Cooperative. The current fee there is \$745.00

Cemetery Grave Opening/Closing Fees- These are fees set by the individual cemeteries and include the cost of arranging to have the grave dug and then filled in after the service. This fee varies greatly from cemetery to cemetery.

Payment, financing and funding

We are proud to offer various payment, funding and financing options to our clients.

Payment

The purchaser agrees to pay the amount owing within 30 days, after which interest will be calculated and charged on any overdue amount at the rate of 1.5% per month (equivalent to 18% per annum) until the date payment is made in full. A fee of \$45 will be added to the contract amount for any non-sufficient funds (NSF) cheques we receive.

Financing

Our payment plans give you the option of making payments over time. We offer a variety of payment plans to meet your financial needs.

Funding

When prepaying, you pay for the services and supplies today and the money will be used to pay for the services and supplies when they are delivered at the time of death.

Trust: You may pay the money directly to us and we will place it in trust, where it will accrue interest until the contract is fulfilled (when the services and supplies are delivered) or the contract is cancelled.
