Haisten Funeral Home takes great pride in treating our families with dignity, honor and respect. This is what has allowed us to continue serving families in middle Georgia since 1916.

It has been brought to our attention that a telephone scam is currently circulating in our area. Someone representing themselves as David from Haisten Funeral Home has called a grieving family and stated that an immediate cash downpayment was required before any plans for their loved ones funeral could proceed.

We would like to take this time to inform everyone that this individual is not associated with Haisten Funeral Home and that we **DO NOT** conduct business in this manner or accept third party payment apps such as PayPal, and Venmo. If you or someone you may know has been contacted in this manner, please **DO NOT** send any funds. We ask that you contact the Jackson Police Dept. and the Butts County Sheriff's Dept. immediately.

It is our wish that this individual be apprehended and prosecuted to the fullest extent of the law.

Thank you,

Jeff Dodd

Funeral Director

Haisten Funeral Home
