

Honoring A Life Well Lived

SELECTIONS TO HELP CREATE A MEANINGFUL FUNERAL

How can our professional staff assist with your ceremony?

- We aspire to facilitate a funeral or memorial ceremony that reflects dignity and beauty.
- We receive and arrange or set up flowers that are sent to the funeral home, church or other facility.
- We coordinate officiants, musicians and present honorarium checks.
- We prepare a typed summary for the officiant, listing various helpful details that pertain to the deceased and family members, as well as the ceremony.
- We arrive early and attractively display the flowers in accordance with appropriate customs and host preferences that may apply. We bring stands for properly displaying vases, baskets and standing spray flowers.
- We transfer and display memory boards, framed photos and any mementos and provide easels and display stands as needed.
- We offer memory cards encouraging those who attend the service to write out a memory to be given to the family.
- We reserve seating for the family and assist your guests as they arrive. We are available to assist those who need a little extra help, show where coats and umbrellas can be stored and direct visitors to restrooms and other areas as necessary.
- We greet people as they enter and offer any printed goods such as keepsake cards or service folders.
- We can provide a stand for memorial registers for signatures as necessary.
- We are able to assist with the playing of pre-recorded music during the ceremony, if applicable and provide an outdoor sound system and lectern as needed.
- We can create and play a DVD video tribute at the service.
- We focus on logistics and details so you can be with those you care about and engage in a service that truly facilitates the state of the healing process.

Family Choices® Personalization
Offering many ways to celebrate what made the life of your loved one extraordinary. LifeSymbols® designs and display medallions are an elegant way to tell a life story and provide a lasting tribute to a loved one.

MemorySafe® Drawer
A unique feature built into the casket, the MemorySafe drawer can be used to display cherished keepsakes during the visitation, or to secure private mementos and farewell messages.

LifeView® Panel
The LifeView panel allows the casket itself to become the canvas for telling the story of a lifetime, using the loved one's own photos and precious memorabilia to create a truly meaningful and moving tribute.

Living Memorial® Program*
The Living Memorial is a tangible symbol of Batesville's commitment to help families honor the lives of those they love. A tree seedling is planted in a national forest or woodland as a living tribute and memorial to you loved one.

Our Staff is Available for Your Off-site Service

Many contemporary families are choosing to hold memorial services for their loved ones after a cremation has been performed or a burial has taken place. Sometimes this happens at parks, restaurants and private homes. That doesn't, however, mean you need to forgo the compassionate and professional expertise of a licensed funeral director and our caring staff.

We are able to have our staff present for the memorial service when you have a service following cremation or burial and wish to hold your service away from the funeral home. This will allow us to attend to the details so you can spend time with your family and friends.

SERVICE VALUE GUARANTEED

We see so much value in the professionalism of our staff that we want every family to experience it. In fact, we believe so highly in the importance of having a funeral director coordinate the service details, we are offering a written guarantee. If, after your off-site service, you do not feel our presence and services were important or valuable, we will refund those fees with no questions asked.

Creating Meaningful Tributes

Nothing can be more overwhelming than the death of a loved one. The ability to make informed choices can help you along this path. Bringing family and friends together to honor a cherished life is part of the healing process, and best served through a personalized ceremony and tribute.

Step 1 Design a meaningful service, tribute or gathering.

The ceremony is a way to tell your loved one's story and celebrate their life.

VISITATION AND CEREMONY

Memory Glass®

What is Memory Glass®?

Memory Glass® provides a unique method of memorializing your family & friends by suspending cremated remains within sold glass sculptures and keepsake jewelry. At Memory Glass, the process of dealing with a loved one's cremated remains is a delicate procedure. To ensure that the greatest of care is taken with the cremated remains entrusted to us; Memory Glass® has employed safety and security measures that go above and beyond the lawful requirements. Your trust is of our utmost concern.

Memory Glass® also creates keepsakes from dirt, soil and sand for families who won't have access to cremated remains. Memory Glass® has recently discovered that dirt, sand and soil can be used in our keepsakes with the same results as cremated remains. A wonderful alternative for people who have buried their loved ones, or scattered their ashes. Samples can be collected from endless locations, from a burial plot to a favorite beach. The final product varies slightly due to different organic materials present in your local soil, but even with the most pure sand, something will still be visible in the piece and the memory will be preserved.

There is nothing different that needs to be done to order a Memory Glass when using dirt or soil just mention the location of the soil for tracking purposes in the future.

Because Memories are Forever.

Living Memorial[®]

P R O G R A M

*“I will smile when I think of a small sapling growing
tall over the years to celebrate my husband’s life.”*

Batesville’s Living Memorial[®] program, offered through our funeral home, is a unique and special way to honor the memory of a loved one. When you select a Batesville casket, container or a full size urn,* we arrange for a tree seedling to be planted in a national forest as a living tribute and memorial to the deceased – at no additional cost to you. Seedlings are planted by the U.S. Forest Service to re-establish woodlands destroyed by forest fires, blight and other natural disasters.

*Not all products qualify. Consult your funeral professional for details.

More than just a majestic memorial, these trees shelter wildlife, reduce water and wind erosion and contribute to the purity of the air we breathe, helping to improve the environment for generations to come. You will receive a special certificate that verifies a tree has been planted where the need is greatest.

The significance of a unique life is symbolized with the planting of a tree.
