A Celebration of Life

A memorial planting is a type of memorialization that incorporates cremated remains into the soil to create a unique testament to one’s life. Our Tree Burials allow you to plant a memorial tree in the beauty of the Green Lawn Cemetery that will be enjoyed for decades to come. Memorial plantings reduce your environmental impact and preserve natural habitats.

Program Description

Memorialize your loved ones to honor the way they lived their lives. Included in the Tree Burial:

- Burial Right and space for either a large or small tree
- Selection of a tree from our approved list of native species (see next page for options)
- Biodegradable container for cremated remains
- Basic beveled 14” x 8” granite base with 6” x 4” engraved bronze plate (Premium and Custom options available)
- Planting of a memorial tree and cremated remains with the soil
- All necessary mulch, stakes, and bark protection
- Watering plan and replacement guarantee for two years, overseen by our in-house professional horticulturist
- Burial recording in our cemetery permanent records in a deeded space

Your memorial planting will be a symbol of life and beauty for decades to come.

HOW IT WORKS

STEP 1: CHOOSE YOUR SPACE

We offer several spaces across our gardens for Tree Burials. Each burial space has a selection of native species which have been chosen specifically to take advantage of its unique location.
**Step 2: Choose Your Tree**

Based on the burial location you choose, you may select one of the below tree options. Other species may be considered or offered based on availability and suitability.

**Large Trees**

- **Premium: Oak**
- **Classic: Wild Black Cherry**

**Small Trees**

- **Premium: Dogwood**
- **Classic: Redbud**

**Step 3: Choose Your Memorial**

- **Premium Custom Memorial**
- **Classic Memorial**
Celebrate the life of your loved one through the gift of nature and beauty of our trees
