INTRODUCTION

On the following pages, you will find the **General Price List** for **Rochette Funeral Home & Cremation Services**. This price list is in a form necessary to comply with the Federal Trade Commission Rule and shows our prices for specific services. The General Price List is sometimes confusing to persons who have had little or no dealings with funerals. Because of that, we suggest that if you have any questions, to contact the Funeral Home and we will gladly assist you.

When comparing funeral goods and services, it is important to compare only the final price for all items combined. Some funeral homes depend more on merchandise sales to recover their overhead than on their service and facilities charges. The only way to accurately compare prices, is to choose all services and associated merchandise and then compare the final amount.

In all cases, it is very important to choose a funeral home and a funeral director you have faith in. The time surrounding the death of a loved one is difficult, and the most important job of any funeral director should be to try and make that difficult time a little easier. Choosing a professional funeral director who deals with every family and every request with compassion and understanding may be the most important selection a family has to make.

At Rochette Funeral Home & Cremation Services, we welcome your questions and are always committed to providing honest, straightforward answers. Transparency is one of our highest priorities. Please note that this price list is itemized and structured to allow each family the flexibility to create funeral services that are truly personalized to their wishes. We encourage you to contact our staff directly to receive a final price based on the services you request. We proudly serve all faiths and viewpoints with professionalism, care, and respect. If you have any questions, please do not hesitate to reach out; we are here to help.
