

NewPointe® Collections

More value from Batesville®

A GIFT THAT GROWS

“I will smile when I think of a small sapling growing tall over the years to celebrate my husband’s life.”

By submitting a Living Memorial® request on behalf of a family, you help them honor the significance of a unique life.

The Living Memorial program is a benchmark in our industry. Since 1976, we’ve planted over **14.5 million** trees as living tributes to the deceased whose families purchased Batesville products. With your continued support – and expansion of this valuable program – we can now reach even more families. We’ve added more qualifying products and made it easier for you to submit requests for families.

As always, the Living Memorial tree planting program is offered at no cost to your funeral home.

Eligible NewPointe products include:

- Metal caskets
- Wood caskets
- Cremation containers
- Full-size urns

Memorial trees are a tangible way to honor a life, while also making a positive impact on our environment. They are an ideal option for a generation focused on giving back.

Discover classic designs at an exceptional value.

When families want an ideal balance of style and affordability, look no further than the NewPointe® collections. Available in metal and wood caskets, cremation containers and urns, the NewPointe collections have something for everyone. Some casket collections offer optional decorative kits, giving families the opportunity to add a personal touch.

All products are backed by a limited warranty.

Crematable Lift System with Wood Bed

Raise and lower the body with minimal residue (waste) to remove after cremation.

Cremation-Friendly Liners

Contain fluids with the most optimal material to cremate – cardboard.

Cremation-Friendly Hardware

Easily move the casket without removing zinc components before cremation and eliminate the risk of retort damage or bad emissions.

Dual-disposition caskets are optimally designed for burial or efficient cremation. Proprietary innovative design features save you time before, during and after the cremation process.

The Libra, Lynx and Lyra Collections are dual-disposition caskets!
