Together as a

Family...

A keepsake is a great way for each family member to keep their loved one close. Often keepsakes are shared with all family members and close friends to remember their loved one and to celebrate their life.

After choosing cremation, a family has many decisions to make. There are many ceremonial options available: choose a cemetery for a permanent resting place or create a personal memorial for placement in the home or garden. Another option is a Natural Return by burying the cremains in a special place. All can be personalized in some way to share the loved one's passions with family and friends - telling and preserving their life story.

Questions to consider in the process: *Will there be a traditional viewing or a simple family gathering? What will be your loved one's final resting place?* The next few pages will help in those decisions and show many of the options available.
