

To Our Community,

Given the reality of the COVID-19 pandemic, it is important to know that funeral directors and staff throughout Massachusetts are taking precautions to limit exposure to the coronavirus. We are still operating 24 hours a day, 7 days a week, making certain that those entrusted to our care and the families we serve are receiving uninterrupted service and attention.

As health officials have indicated, one way to limit the spread of the COVID-19 virus is through limiting public gatherings. As we continue to keep close watch on the updates from the Center of Disease Control (CDC) and Massachusetts offices, services will continue as planned, however we are following official mandates to keep our visitation and/or funeral crowds under the 25-person maximum. Additionally, we ask the public to stay home from visitations and funerals if not feeling well, and pay respects to the family and their loved ones in alternate ways.

Please know that we are committed to the families we serve, and remain focused on maintaining high standards and practices to celebrate your families loved ones. Thank you for your understanding during these difficult times, and do not hesitate to reach out with any questions.

Sincerely,
Sheehan Funeral Home & Cremation Services

Thank you for allowing our family to serve yours.
