

**March 23, 2020**

**Little Lake Cemetery Company is committed to following the Public Health Agency of Canada's guidelines – and we will be making adjustments to our service and procedures as the situation unfolds.**

**We are here to serve**, for all your bereavement needs. Helping families at their time of need is our top priority, and our staff are on hand to help – with a core staff in our office, and on call as required.

**PLEASE NOTE - At this time we are not hosting any public services.** Private viewing and private graveside services will be permitted only. This decision, not easily made, has been taken in order to try to minimize any exposure risk to family members, to friends, to the community and to our staff. We will get through this together, and will provide you with supportive, professional assistance in planning future services to celebrate the life of your loved one, at a time when public gathering is deemed appropriate.

We recognize that families **still need to feel a sense of togetherness** at times of loss - so we encourage using the technology available to us to achieve this as best we can under difficult circumstances – we can support and share our compassion with a phone call, placing online condolences, using facetime and skype, emails etc.

At this time our cemetery properties, including Highland Park Cemetery and Little Lake Cemetery remain open during daytime hours for visiting, but social distancing is required.

**We have protocols in place to serve families who require our services but who may be in self isolation, feeling unwell, or having recently travelled.** For those affected by these conditions we will work with you to ensure professional, supportive assistance from our staff, at a distance. Call us at 705 745 6984, or email us at [info@littl lakecemetery.com](mailto:info@littl lakecemetery.com) to discuss your needs.

There is a lot of uncertainty at the moment and things could change as more news is released. **Please follow us on social media** for additional posts.

**To our community, families, friends, we will get through this.**
