

Crawford-Osthus
**FUNERAL CHAPEL &
CREMATION SERVICES**

COVID-19 Update- May 4, 2020

We at Crawford-Osthus Funeral Chapel & Cremation Services, remain committed to professionally serving families during the novel coronavirus (COVID-19) pandemic. We recognize our responsibility to protect the public health of the families we serve, along with the health of our community.

As a member of the National Funeral Directors Association (NFDA) and the South Dakota Funeral Director's Association (SDFDA), we have been receiving regular updates through our association from the CDC, Department of Health & Human Services, and other agencies about the evolution of COVID-19 in the United States.

We will continue to follow CDC and state guidelines with the number of people in our facility, the sanitizing of door handles, pens and the entire facility.

Crawford-Osthus Funeral Chapel will be starting to work back into a new normal with our available services. As churches in our area start to re-open, we will work hand in hand to honor their guidelines while at the same time providing the best and safest service that we can for your loved one. We will also start to allow public visitations, with some modifications to them. We will keep a close watch on the number of people in our facility as well as have many sanitizing stations available. We will ask that you enter through our main door and we will have you exit through another door. We also ask that you do not loiter while in our facility, but to come in, pay your respects and condolences to the family and kindly depart. We hope to be able to resume business as we once knew it soon, but are making the best out of the circumstances that we are all facing.

We would be happy to answer any questions that you may have regarding this or any type of service.

Respectfully

Chad C. Osthus, CFSP

Funeral Director/Owner
