Dear Members;

As we brace ourselves for the Worldwide Pandemic of COVID 19 (Coronavirus) as for myself and I know that you are concerned over our own Health as this Pandemic continues to rise. Currently in North Carolina we have 23 confirmed cases and currently no deaths have been reported in our state. If any members and or family members are feeling sickly or think you have any symptoms please seek Medical Attention.

I am currently monitoring information as it comes concerning our Industry.

I know our concerns are what measures do we take in Transporting, Embalming , Viewing, Visitations and Funerals. Information has been posted on our website addressing these concerns at [www.fdmanc.org](http://www.fdmanc.org).

I pray and hope that you are praying that this Pandemic is resolved soon so that we can get back to normal. Thank you for being a member of the greatest association, The Funeral Directors & Morticians Association of North Carolina, Inc.

Sincerely,

*John F. Harris, CFSP*

58<sup>th</sup> President, FD &MA of NC, Inc.
