Green Services

All our Green Funerals follow the Green Burial Council guidelines.

The Duggan Welch Family is one of a select number of funeral homes who meet the criteria for providing green funeral services by the Green Burial Council; a tax-exempt, non-profit organization working to encourage environmental sustainability in the field of funeral service. Our Green Services allow for a funeral to take place without the use of toxic and non-biodegradable materials and chemicals. Caskets and shrouds are available to enclose and transport the deceased. Body preparation suitable for a green funeral service accommodated by the Duggan Welch Family consists of refrigeration, the use of topical soaps/compounds and arterial embalming with essential oils. Identification viewing from price list may be added.
