# Protect your loved ones from rising funeral costs

The price of a funeral, like everything else, keeps going up and has almost doubled in the last decade. In 2014, an average funeral cost \$7,181.

According to research by the National Funeral Directors Association, the average price of a funeral will reach \$11,000 by 2021. That's a rise of almost \$3,000 in just seven years. Buying a fully guaranteed Funeral Plan helps you beat rising costs by paying today's price and protects loved ones from any additional expense for the services included in the Plan, no matter when the funeral takes place.

Unlike some Funeral Plan providers, we promise to cover all the service and merchandise costs of your chosen burial or cremation Plan, so once the Plan is paid for you'll have peace of mind knowing that your loved ones will have no additional hidden costs when the time comes.

## National average funeral costs

### Pre-paid Guaranteed Funeral Plan vs. Life Insurance and Savings

An insurance policy that pays out a sum on death and can be used towards funeral costs. Whether funeral costs are covered will depend on the value of the policy. Also, with life insurance, you pay until death. Our funeral plans you only pay 1 to 10 years.

**The Guaranteed Funeral Plan does what savings and life insurance cannot - it GUARANTEES to cover future funeral costs at today's prices.**

## Your money is safe.

We're required by Arkansas Law to invest all Funeral Plan monies in a regulated Life Insurance Policy, Annuity, or Trust Fund. We have partnered with a reliable, time tested, insurance company to keep your money until the time of need.

# Choosing the right Funeral Plan for you

---

We provide a wide range of Funeral Plans for both burial and cremation, all planned and carried out by us. Whatever your budget, however you want to say goodbye, we've got a plan to suit.
