## COVID-19 Precautions

Over the past week, Linde Price Funeral Service has been closely following the guidelines from the Center of Disease Control (CDC) and World Health Organization (WHO). We have been taking appropriate measures to guarantee the safety and health of our families and the community we serve.

During this time we will be open as usual, however we would like to address some changes to our policies:

- We will be working with families by appointment only in order to reduce traffic through the office and thoroughly sanitize our facility. Please call us at 360-683-1649 to set up an appointment.
- We ask that you keep your group to no more than two family members.
- For pre-need appointments, we are willing to work with you through phone and email communication methods.
- When picking up cremains and death certificates, we are willing to meet you at your car if you do not feel comfortable coming inside.
- We ask that you stay home if you are feeling sick or have been exposed to COVID-19.

Please be aware that our staff is taking the highest level of precaution as we value you and your family's health and wellbeing.

If you have any questions or would like to set up an appointment, please call us at 360-683-1649.
