

## *To Our Families and Community:*

*Due to the recent guidelines issued by the President of the United States and the CDC in regards to the COVID-19 virus, we have enacted and request that the following practices be followed for the safety of the families and our staff:*

- 1. Please use the hand sanitizer that is located at the door as you come in.*
- 2. We encourage you to be mindful of the families we serve and avoid hugs and kissing.*
- 3. If at all possible, no more than 10-15 people near the family at a time.*
- 4. Try to stay 6 feet apart if possible.*
- 5. If you are sick, feel sick or have a fever, please don't come into the building.*
- 6. Please limit the amount of pictures and items brought into the funeral home.*
- 7. We encourage having graveside or outdoor services with visitations 1 hour prior to services.*

*We understand the strain and anxiety that this causes our families and community that we serve. Our number one goal is to protect our families, community and our staff & their families. We encourage everyone to please continue to practice the recommendations (washing hands, use hand sanitizer, etc.) that have been set forth. Most of all, we wish nothing more than good health to everyone. We all will get through this together.*
