COVID-19 UPDATE updated July 23, 2020

Dingmann Funeral Care Burial & Cremation Services is committed to creating meaningful experiences for the families and communities that we serve while maintaining a safe and healthy environment for our staff and the public. We have been closely monitoring the ongoing COVID-19 "coronavirus" outbreak according to the guidelines and recommendations of the CDC (Centers for Disease Control and Prevention), MDH (Minnesota Department of Health) and DEED (Minnesota Department of Employment & Economic Development). We have developed a full COVID-19 Preparedness Plan that is available to anyone that requests a copy at our office.

We want to share with you some of the actions we are taking to help protect our staff and the families we serve.

- *We are here to help.* We want you to know that we are available to help you. We have staff available 24 hours a day. You may reach us by phone at 320-274-8811 or by email at info@dingmannfuneral.com.
- *When a death occurs.* We continue to respond when a death occurs in a timely, compassionate, and professional manner.
- *Funeral Services and Rituals.* Ceremonies and Rituals such as funerals, memorial services, celebrations of life, visitations and viewings are available. Attendance at any service or ritual will be limited based on the size of the facility and the nature of the event. Total attendance is limited to 15-50% capacity of any facility, not to exceed 250 people. Distancing of at least 6 feet between households is to be maintained. Masks are required at all indoor events and are recommended when outdoors.
- *Coordination.* We continue to coordinate with families on a pre-need basis and when a death occurs. We offer virtual meetings through our online Collaboration Center, by phone, email and/or through Google Meet. In person meetings are possible with some modifications including limiting meetings to no more than 10 people, social distancing and the wearing of masks.
- *Signage.* We have posted signage within our locations advising visitors to make responsible decisions about attending services in person or entering our facilities if they feel symptomatic or have been exposed to individuals that appear to be symptomatic. Signage is also posted requesting that guests keep a minimum of 6 feet from each other and encourage the wearing of masks.
- *Hugs from the Heart.* Hugs from the Heart allows family and friends who are not able to attend a service to send a message to the family that our staff will attach to a balloon and display at the visitation and/or funeral. Look for the "Hugs from the Heart" link on our website.
- *Live Streaming.* Live streaming services and delayed webcasting is available for those that are prevented from attending services. If the family chooses to take advantage of this option, the live stream or webcast link can be found at the bottom of the obituary that is posted on our website.
- *Tribute Wall.* The Tribute Wall is an online guestbook that is available for viewing online and will be printed and placed in the permanent guestbook and provided to the family.
- *Staff.* Our staff is monitoring their health and interactions. If any of our staff is not feeling well, has a temperature, or has been exposed to someone that may have COVID-19, they are staying home.
- *Domani for Grief.* Our partnership with Domani has created an additional platform for personalized grief care without leaving your home through a confidential online portal. Contact us by phone or email to receive access at no charge.

We appreciate the trust that you place in us. We will continue to closely monitor the situation and take actions necessary to help keep our staff and our community safe while providing the services you need during this difficult time.
