“Why Pay More”

To Our Customers:

On the following pages, you will find the General Price List for Brown's Cremation and Funeral Service. Our format complies with the Federal Trade Commission Rule.

When comparing funeral goods and services, it is important to compare only the final price for all items combined. Some funeral homes depend more on merchandise sales to recover their overhead while others rely on service and facilities charges. The only way to really compare prices is to choose all services and associated merchandise and then compare the final amount.

Finally, it is very important to choose a funeral facility and funeral directors in whom you have faith. Choosing a professional funeral director who deals with every family and every request with compassion and understanding may be the most important selection a family has to make. We at Brown's Cremation and Funeral Service, encourage your questions and are always willing to give honest, straightforward answers.

We serve all faiths and viewpoints in a professional, caring manner. Our funeral directors are mortuary college graduates and have been serving families for over 100 years. We are a small family owned business that believes in quality care at an affordable price.
