FUNERAL SERVICE GUIDELINES

The following information is only offered as a guide in selection of individual funeral services, and is in no way to imply that you must choose the type of services listed below. As each individual is unique, so are the types of services offered by The Baker Family Funeral Home. Funeral services and calling hours may be held in the funeral home or in your congregation and may include going to the cemetery for graveside committal services. To avoid overtime charges with cemeteries, funerals must be done by 3pm on Weekdays and 12noon on Saturdays. Please indicate the type of services you desire. And, please feel free to call us anytime if you have any questions.
