**Important Notice to Consumers regarding
"RENTAL CASKETS"**

Section 1258.2 of the Health and Safety Code says a rental casket is a specially designed device used to conceal a rental casket insert containing human remains, for purposes of viewing and/or funeral or other ceremony, and may give the outward appearance of being a casket. No part of a rental casket, including its lining, shall come into contact with any human remains placed therein or placed within a rental casket insert placed therein, **UNLESS that part or lining is disposed of with the rental casket insert and human remains.**

Section (c) further defines the rental casket insert as an enclosure without ornamentation which has an interior lining and which is designed for the encasement of human remains for burial, cremation, or transit.

A new rental casket insert shall be used for each human remains displayed in a rental casket.

The Health and Safety Code specifically states that the consumer shall be notified in writing prior to entering into any agreement that the rental casket is designed to be reused and may have previously been used and if the purchaser/renter does not object to the previous use and/or reuse, the purchaser/renter shall acknowledge the notification and express agreement in writing.

I have read the statement
above, and have no objections:
