Introduction

Hello and thank you for taking the time to look at this brochure. Here at Newman Mortuary we have been in business since 2016. We strive to offer the best care to Dale and surrounding counties. We follow all the required practices that the Federal Trade Commission (FTC) requires as well as meeting and exceeding the standards set by the Alabama board of Funeral Service. We are very engaged with community events and support the community in anyway we can. Our co-founders Alton and Joseph Newman have been residents of the Ozark area for many years and are passionate about serving the community. We hope you will trust us with your loved ones when the time comes.
