*For Producer Recruitment and Training Only.
Not all products are available in all states.*

Founded in 1925, Atlantic Coast Life has built a long legacy of service to families by providing financial solutions for “end of life” needs.

In 2005, the company began preneed expansion outside of our home state into the Southeast. In 2015, the company began a second large-scale expansion of our preneed distribution with a goal of nationwide presence. ACL is currently approved to sell product in more than 30 states and is still expanding.

The company’s owners are committed to the preneed industry, client funeral homes, and its producers. Atlantic Coast’s financial strength, excellent service, and their strong, simple product line has charted the way to their great success. It might be the time to find out why so many funeral professionals are using our products and services!
