

COVID-19 information for our families as of

December 27, 2021 (subject to change)

The Cvach family has been providing funeral services since 1879, and we have served our families while meeting the great challenges that have occurred in our nation's history.

Now we are faced with an ongoing situation that affects all aspects of our life. We will continue to serve our families as the best we can, given the limitations placed on us. These limitations are continuing to change.

In the interest of protecting our families, the general health, and our staff, the following policies have been established in accordance with directives received from local, state, and federal health officials to reduce the spread of COVID-19 and in discussions with the families we serve.

Masks are **Required** to be worn indoors. As requested by the families we serve and as December 29, 2021 by Baltimore County Mandate.

We ask that you take reasonable precautions such as social distancing and limiting your stay while visiting. Please respect all who are visiting. Please feel comfortable around family and friends.

If you are sick or are not feeling well, please stay at home. We are making an effort to limit possible exposure.

Online condolences for families can be made on our website.

We appreciate your understanding and wish your family well during this difficult time. Please call with any questions.

We thank you for your cooperation and understanding.
