The prices for those items will be shown on the statement describing the funeral goods and services you selected as Cash Advance Items.

PROFESSIONAL SERVICES

These prices are effective as of July 1, 2018 but thereafter subject to change without notice.

Basic Services of Funeral Director and Staff **\$2,295.00**

Our fee for the services of funeral director and staff includes, but is not limited to, staff to respond to initial request for service, arrangement conference with family or responsible parties, arrangement of funeral, preparation and filing of necessary authorizations and permits, recording vital statistics, preparation and placement of obituary notices, and coordination with those providing other portions of the funeral, e.g. cemetery, crematory, vault companies and others as required. Also included in the charge are overhead expenses relative to our facility such as insurance, maintenance and utility expenses, secretarial and administrative cost, and equipment and inventory expenses.

This fee for our basic services and overhead will be added to the total cost of the funeral arrangements you select. *(This fee, on a pro rata basis is already included in our charges for direct cremations, immediate burials and forwarding or receiving remains).*

Embalming **\$900.00**

Embalming is not required by law. Embalming may be necessary, however, if you select certain funeral arrangements such as a funeral with viewing. If you do not want embalming you usually have the right to choose an arrangement that does not require you to pay for it, such as direct cremation or immediate burial.

Embalming is a chemical process which provides temporary preservation of the body and eliminates health hazards: therefore, it is a policy of this funeral home that remains be embalmed or refrigerated if held over 24 hours after death. This is for the protection of this facility, the general public and our employees.

OUTER BURIAL CONTAINER PRICE LIST

These prices are effective as of July 1, 2018, but thereafter are subject to change without notice.

Federal Trade Commission (FTC) Disclosure

In most areas of the country, state or local law does not require that you purchase a container to surround the casket in the grave. However, many cemeteries require that you have such a container so that the grave will not sink. Either a grave liner or a burial vault will satisfy these requirements.
