Life Story

The life story or obituary allows for friends and family to be aware of your loved one's passing. It allows them to send condolences, make donations, and know about their life. The life story is also a historical document.

We will place the Life Story in the newspaper of your choice (we receive a discount in both the Calgary Herald and the Calgary Sun)

We also place the Life Story on our website at no cost. This provided a place where family and friends can leave condolences, as well it provides maps for service locations.

We have included a link to an obituary form.

Please send us any information about your loved one and we will help craft a meaningful tribute.
