

## ASSURANT® TRAVEL PROTECTION

### Your passport to peace of mind.

Today it's not unusual for people, especially retirees, to spend significant time away from their homes each year vacationing, visiting relatives, or attending special events. If a death should occur while out of the country or just out of town on a brief trip, bringing a loved one back home can be a complicated and expensive process. There's no need to worry, though. Assurant Travel Protection takes care of all the details and expenses.

### We cover all the details.

- Locating and engaging a local, licensed provider to handle preparations for return travel
- Recovery and transportation to the provider
- Transportation of the deceased back home
- Handling of all necessary documents, including consular services if outside Canada

### Anywhere, anytime, you're protected.

Assurant Travel Protection covers travel anywhere in the world, if death occurs more than 100 kilometers from your legal primary residence in Canada or in another country. One toll-free phone call made by your family or funeral director is all it takes to begin the process of bringing you home. Associates are on call 24 hours a day, seven days a week, and will immediately notify the appropriate parties for a quick, safe and dignified return. As an added benefit, families who purchase this coverage as an insured multi-pay plan will also be eligible for transportation for one traveling companion to return home with the mortal remains.

### Your Travel Protection is good for life.

Shielding your family from unexpected financial loss is easy and affordable. Enrolling in Assurant Travel Protection only takes a few minutes. Full protection goes into effect immediately and the coverage lasts forever. The cost can be paid all at once or in installments. Best of all, you can rest assured your protection will never be at risk since it is 100% backed by an insurance company.

Travel confidently and give your family peace of mind. Enroll in Assurant Travel Protection.
