### **Embalming**

**\$ 700**

We require embalming when non-cremated remains are present at a public viewing. In order to effectively protect our community from any potential hazard, it is our policy to embalm remains that have been in our custody for 24 hours. This policy applies only when a decision regarding the final disposition has not been communicated to the funeral home within 24 hours. *Except in certain special cases, embalming is not required by law. Embalming may be necessary, however, if you select certain funeral arrangements, such as a funeral with viewing. If you do not want embalming, you usually have the right to choose an arrangement that does not require you to pay for it, such as direct cremation or immediate burial.*
