I am a hard worker who understands the regular workplace protocol, including following instructions from supervisors, maintaining a respectful demeanor at all times, and meeting or exceeding expectations for an exemplary work product.

Employment History

Crystal Springs Water, Savannah, GA 12/2023 – present
Delivery Service Representative

- Deliver water to commercial customers and provide excellent customer service
- Safely operating transports from base to various customer locations for delivery
- Ensure that all related paperwork and driver logs are completed in an accurate and timely manner

Coastal Waste and Recycling, Ridgeland, SC 10/2023 – 11/2023
Sanitation Driver

- Drove and operated a company truck in a safe manner
- Collect and dispense of household trash from a specified route

Thompson Funeral Home at Greenlawn Memorial Park, Columbia, SC 11/2022 – 9/2023
Crematory Operator

- Properly identify human remains against the paperwork and logbook to ensure that the correct body is cremated and is placed in the correct urn
- Occasionally greet families who want to witness the cremation and answer their questions
- Ensure that health and safety rules are strictly maintained
- Perform cremation of human remains by preheating the retort; pushing the container with the body inside it into the retort; positioning the container inside the retort; closing the retort doors and pushing the igniter button; monitoring the internal retort temperature by watching the gauges to ensure overheating does not occur; and ensuring that the human remains are completely cremated
- Using Personal Protective Equipment, process cremated human remains to ensure that no ashes remain in the retort, that they are all placed carefully in the correct urn, and that cleanliness around the retort is strictly maintained
- Carefully complete the crematory logbook with all of the required data
- At the end of each day, ensure that all urns with cremated remains are transported to the Interment Office
- Ensure that all work areas, working conditions, and work habits are performed in accordance with Company, state, and federal rules and regulations by understanding the importance of health and safety. Report unsafe equipment and conditions to management.
- Be prepared for unannounced visits by state inspectors who audit the crematory process twice a year by scrupulously following rules and regulations, maintaining detailed records and logbooks, and keeping the crematory very clean
- Keep immediate supervisor promptly and fully informed of all problems and significant matters, and take prompt corrective action as needed

- Participate in training and skill development opportunities to improve competency and customer service
- Report to work on time and maintain standard attendance
