GENERAL PRICE LIST

(Prices effective February 1, 2017 and subject to change without notice)

"Prior to drafting any contract for goods or services, the responsible party or the decedent's survivor who is handling the funeral arrangements is entitled to receive a copy of any preneed agreement in the possession of the funeral establishment that has been signed and paid for, in full or in part, by or on behalf of the decedent."

(Business & Professions Code Section 7685b)

This General Price List reflects our commitment to provide consumer information to each family we are privileged to serve.

While itemizing specific costs, we have also established Professional Service Options which reflect traditional types of services most frequently requested. As questions may arise, please have no hesitation in requesting more information. We welcome your questions.

We appreciate the confidence you place in us and are committed to your trust and satisfaction.

Unlike some service industries, we provide our families with the security of flat-rate pricing. Whereas, if you go to your attorney, they require a retainer and charge your somewhere between three and six hundred dollars an hour, with no real assurance of how many hours they might need to complete their job. It is our commitment to you that the preparation of the death certificate, obtaining the physician's signature, securing the required disposition permit from the county, along with the time we will spend meeting with you today, and all the time we'll spend meeting your family's needs, are included in this price structure. Additionally, as you review our General Price List, you will see that you will not be charged for anything that you do not request.

The goods and services shown below are those we can provide. You may choose only the items you desire. However, any funeral arrangements you select will include a charge for our basic services and overhead. If legal or other requirements mean you must buy any items you did not specifically ask for, we will explain the reason in writing on the statement we provide describing the funeral goods and services you selected.
