TO THOSE WE SERVE

Federal and State agencies have determined that itemization of funeral services is essential for the benefit of the general public, to assure that consumers are not asked to pay for services they do not receive. It is essential that each item of service in addition to our basic fee for services be identified. In all categories of service, a basic fee will be charged, plus a fee for each requested or required item of service. However, the complete and total quotation for Direct Cremation without formalities is all inclusive except for urn cost, sales tax and any fee associated with the final disposition of the cremains. Other options are also available. It is our sincere concern that every requirement you may have be fulfilled, in addition or apart from our standard offerings as listed herein. Please feel free to express yourself to our staff. We will make every effort to meet your needs.

The goods and services in this pamphlet are those we can provide to our customers. You may choose only the items you desire. However, any funeral arrangements you select will include a charge for basic services and overhead. If legal or other requirements mean that you must buy any items you did not specifically ask for, we will explain the reason in writing on the statement we provide describing the funeral goods and services you selected.

“Prior to drafting any contract for goods or services, the responsible party or the decedent’s survivor who is handling the funeral arrangements is entitled to receive a copy of any preneed agreement in the possession of the funeral establishment that has been signed and paid for, in full or part, by or on behalf of the decedent”
