

## *Swan Point Chapel \$3,865.*

### *A Public or Private Family Gathering at Swan Point Crematory*

In the garden setting of Swan Point Cemetery located off Blackstone Boulevard in Providence, families may gather in the Crematory Chapel prior to the cremation. This non-denominational chapel has seating for 75 people and is free of charge for up to one hour to families using the crematory. A licensed funeral director from Olson & Parent Funeral Home will be in attendance during the gathering and may also officiate a service for the family, if desired.

Many families have appreciated the opportunity to gather and reflect on the life of a loved one. We have had services with seventy or more people with clergy in attendance, and we have also meet with a single family member, simply wanting to say a private last goodbye. We offer all families we serve the Swan Point Committal service option and believe it is an important step in the grieving process.
