I/We, the Authorizing Agent(s), do hereby certify, warrant, and represent that I/we understand:

D. **All** cremations are performed individually. The cremation process begins with the placement of the cremation container into the cremation chamber where it is subject to intense heat and flame reaching temperatures of 1400 to 1800 degrees Fahrenheit. Due to the nature of the cremation process, any valuable material will not be recoverable. In the event of such valuable items in which I/we wish to retain, it is my/our responsibility to remove them or have them removed **prior** to the cremation process. Body prostheses, dental bridgework, or dental fillings within the remains will either be destroyed or will not be recoverable. Accordingly, the Authorizing Agent(s) represent and warrant to the Crematory that such materials have been removed from the remains or if not, that they may be removed from the remains and disposed of by the Crematory or may be destroyed by the cremation process.

E. Following a cooling period, the cremated remains are then swept or raked from the cremation chamber. Cremated remains, depending on the bone structure of the decedent, will weigh approximately 4 to 8 pounds, and are usually white in color, but can be other colors due to temperature variations and other factors. Even with the exercise of reasonable care and the use of the Crematory's best efforts, it is not possible to recover all particles of the cremated remains of the Decedent; some particles may inadvertently become commingled with particles of other cremated remains remaining in the cremation chamber and/or other devices utilized to process (pulverize) the cremated remains. I/We hereby authorize the Crematory to dispose of any such residual particles in any lawful manner it deems appropriate.

\_\_\_\_\_  
Initial(s)

F. Cremated remains consist primarily of bone fragments, which are processed or pulverized to permit their placement in an urn or other suitable container. Unless a suitable container is purchased for the cremated remains of the Decedent, the crematory will place such remains in a container which is designed for short-term use and **may not be recommended for any type of shipment**. In the event the capacity of the urn or other container is insufficient to accommodate all of the cremated remains of the Decedent, an additional temporary (short-term) container will be used and returned to the person(s) designated in Paragraph J.

G. Implanted pacemakers or other mechanical devices in the Decedent may create a hazardous condition when placed in a cremation chamber. The Crematory will not, therefore, cremate any human remains which contain any type of implanted mechanical device. In the event the remains of the Decedent do contain such a device, the Authorizing Agent(s) hereby authorize and instruct the funeral home, its agents and employees to contact the appropriate persons and secure the removal of any and all mechanical devices from the remains prior to the cremation process. TO THE BEST OF THE KNOWLEDGE OF THE AUTHORIZING AGENT(S), THE HUMAN REMAINS DO ( ) DO NOT ( ) CONTAIN A PACEMAKER OR ANY OTHER MATERIAL OR IMPLANT THAT MAY BE POTENTIALLY HAZARADOUS TO THE PERSON PERFORMING THE CREMATION. THE AUTHORIZING AGENT(S) CERTIFY THAT TO THE BEST OF HIS/THEIR KNOWLEDGE THE REMAINS OF THE DECEDENT DO ( )DO NOT ( ) CONTAIN ANY TYPE OF IMPLANTED MECHANICAL DEVICE.

H. The Crematory reserves the right to accept or reject a cremation container constructed of noncombustible materials. Remains received in a noncombustible cremation container may be removed prior to cremation and placed in a combustible container; and the Crematory reserves the right to make disposition of such noncombustible container at its sole discretion. The Crematory is authorized to remove and discard handles or any other items attached to the cremation container which may cause damage to the cremation chamber.

If no final disposition is given, the cremated remains will be held by the Crematory Licensee/Funeral Home for 30 days before they are disposed of, unless the cremated remains are received from the Crematory Licensee/Funeral Home prior to that time, in person, by the Authorizing Agent or his designee.
