Outer Burial Container Price List

These prices are effective as of April 20, 2019, but are subject to change without notice.

A casket is commonly considered the final resting bed of a loved one. However, caskets are not designed to support the weight of the surrounding soil. Burial vaults are outer enclosures designed to support the weight of the soil and cemetery equipment. A burial vault should offer you peace of mind.

State or local law does not require that you buy a container to surround the casket in the grave; however, some local cemeteries require that you have such a container so the grave will not sink in. Either a concrete or steel grave liner or a burial vault will also satisfy these requirements.

Concrete Non-sealing Grave Liner – The concrete liner is placed into the grave. After the service, the casket is lowered into the liner, and then the one-piece lid is positioned on top of the liner. This helps support the weight of the surrounding soil and protects the casket. This is the minimum required at both Waco Memorial Park and Chapel Hill Cemetery. \$ 995.00

Concrete Wilbert Monticello vault -- Approximate weight 2,500 lbs \$ 1,795.00
(Shown below).

This sealing vault has a double wall construction: Steel reinforced concrete with a seamless, ribbed Durapreme lining.

The exterior is a hand-coated exterior with a personalized nameplate and symbol placed on the lid. The price includes transporting the vault to the cemetery, set-up by the vault company, and vault personnel handling the actual sealing and lowering of the vault after the service ends.

OTHER CONCRETE SEALING VAULTS AVAILABLE

- Premium concrete vault, double lined, plastic / stainless steel ----- \$3,195.00
- Premium concrete vault, double lined, plastic / copper ----- \$3,895.00
- Premium concrete vault, double lined, plastic / bronze ----- \$4,995.00

Steel Burial Containers Price List

These prices are effective as of April 20, 2019, but are subject to change without notice.

14 gauge non-sealing steel grave liner, brown exterior color -----\$ 995

This steel grave liner supports the weight of the surrounding soil and protects the casket. It does not seal. This meets the minimum grave container requirements for both Waco Memorial Park and Chapel Hill Cemetery, both located on Interstate 35 in Waco.

Wise 12 gauge steel Maintenance vault - \$1,295

12 gauge steel Clark standard vault - \$1,695
Coppertone, silvertone, or white

Wise 12 gauge Urn Vault - \$425

Vaults help protect the casket from water and the weight of the grave dirt (about 1 ton) or cemetery tractors from damaging the casket.
