Outer Burial Price List

Prices are effective as of FEBRUARY 15, 2025 but are subject to change without notice.

In most areas of the country, state or local law does not require that you purchase a container to surround the casket in the grave. However most cemeteries do require that you have such a container to prevent the grave from sinking in. The weight of the ground resting on a casket is approximately 6,000 to 8,000 pounds. Cemeteries have the right to set their own requirements for outer burial containers they will accept. A grave liner or burial vault should satisfy these requirements.
