Additional fees may apply for mileage beyond 50 km, pacemaker/radioactive implant removal and pallbearers (burial only).

This minimum service charge is applicable to every family we serve and includes transferring the deceased from the place of death (or Coroner's Office, hospital, airport, etc.) to our holding room, where the deceased will be placed in a casket* of your choosing and securely held until the necessary documentation is completed for burial or cremation, as applicable. Once the required documentation is ready (i.e. death has been registered and if applicable, the coroner's certificate for cremation has been obtained), the deceased is transported in a service van or SUV to the cemetery or crematorium at the earliest practicable opportunity or at a scheduled time, as applicable

ADDITIONAL SERVICE OPTIONS

Additional body preparation services

We highly recommend that human remains be identified whenever possible. The identification may be made by anyone who knew the deceased, including a relative, friend, neighbour, co-worker, or clergy person. While identification of a body is possible with the minimum required preparation, you may wish to consider opting for "basic preparation of remains" or embalming, as it might afford a more peaceful final viewing experience. Embalming is not legally required, but may be recommended to preserve the body between the time of death and final disposition. One of our funeral directors will be able to guide you on preparation options and make recommendations based on the condition of the body and the expected service needs.

Visitation

These are informal gathering periods that allow family and friends to come and pay their respects and offer comfort to a grieving family. Suggested visiting hours are (2-4 and/or 6-8).

Funeral services

This includes services, rites and ceremonies with the body present in a casket. A funeral service can be religious or non-denominational and can be held in various places, including the funeral home, at a place of worship, or at the graveside.

Memorial services or celebrations of life

This is a service to commemorate the deceased, which takes place after the body has been cremated. The cremated remains may or may not be present, as preferred by you; a framed portrait and personal mementos might also serve as a focal point during the memorial service.

Receptions

We offer a beautiful facility in which families may gather and receive guests for a luncheon after the funeral or memorial service.

PAYMENT, FINANCING & FUNDING

We are proud to offer various payment, funding and financing options to our clients.

Payment

Unless otherwise specified, payment is due within 30 days of signing the contract. Payment may be made by cash, cheque, debit or e-transfer. Payment plans are also available to meet most budgets. Financing charges may apply to payment plans. Beyond the allotted time, a charge of 1.5% compounded per month (19.56% per annum) will be applied to any balance due, until full payment is received.

If you are prepaying for services or supplies, a pre-authorized payment plan is also available.

Financing

Our payment plans give you the option of making payments over time. We offer a competitive financing program, administration fees and interest rates.

Funding

For your convenience, we offer two funding options when prepaying services or supplies. When prepaying, you pay for the services and supplies today and the money will be used to pay for the services and supplies when they are delivered at the time of death.

Trust: You may pay the money directly to us and we will place it in trust, where it will accrue interest until the contract is fulfilled (when the services and supplies are delivered) or the contract is cancelled.

Insurance: You may purchase an insurance contract where the proceeds of the insurance contract will be used to pay for the services or supplies at the time they are delivered, or the contract is cancelled.

NOTES:
