**Outer Burial Container** - Outer burial containers are essential in protecting the casket or urn from the weight of the earth and heavy equipment, as well as the entrance of outside elements. Because of the protection they provide, outer burial containers are a cemetery requirement for all in-ground burials. Containers can be pre-purchased and locked in at today's price. Ask a counselor for more information.

Sealed containers are completely sealed and reinforced to resist the entrance of outside elements. Included with the purchase of a sealed container are several color options, a name place with an emblem, as well as the option to witness a partial lowering. Unsealed containers are less protective regarding outside elements and do not include a partial lowering.
