**Memorialization Regulations for the Ossuary at San Tan Memorial Gardens**

Placement of ashes and memorialization in the Ossuary is available to all families and faiths.

Since many families will be represented throughout the years in such a small area the following requirements must be enforced:

- ❖ Small commemorative rocks, stones, coins, vases of any kind, small ceramic statues, solar lights, toys, etc. are prohibited and will be removed if found in or around the Ossuary area. Removed items will be placed on the green racks behind the main office for your retrieval.
- ❖ Natural and Artificial flowers are not permitted in the Ossuary area and will be removed if found in or around the Ossuary area.
- ❖ Only San Tan Memorial Gardens' personnel are permitted to place remains in the Ossuary as well as install name plates.
- ❖ Ossuary Committal Services are available for an additional cost. These services would provide a canopy, up to 20 chairs, ice water and tissues for a Monday-Friday 8am-3pm committal service. The family is responsible for providing any bishop, pastor or other religious figure for the service if they so choose.
- ❖ Committal Services held on Weekends, Holidays and after-hours will incur additional overtime fees.
