

Merchandise

We offer many different styles and prices of caskets and alternative containers from which to select. Though many caskets appear similar in appearance they may differ greatly in quality and construction. We offer the following in order to assist you in making an informed decision.

Gasketed- These caskets are designed by the manufacturer to resist the entrance of air, water, and other outside elements. They may be constructed of various gauges of steel, copper, or bronze.

THERE IS NO SCIENTIFIC EVIDENCE THAT ANY CASKET WITH A SEALING DEVICE WILL PRESERVE HUMAN REMAINS.

Non-Gasketed- These caskets are designed by the manufacturer NOT to resist the entrance of air, water, or other outside elements. They may be constructed of metal, hardwood or wood products covered with fabric.

Services of Funeral Director and Staff:

- BASIC SERVICES OF FUNERAL DIRECTOR AND STAFF** \$1,545.00
This is the basic charge to each family we serve, for our professional expertise in assisting them. It includes, but is not limited to, a proportionate share of taxes, licenses, utilities and business expenses necessary to serve the public in a professional manner. Also included in this charge is the consultation with the family, clerical and administrative services, preparation and filing of necessary permits, consultation with the clergy, cemetery, crematory or common carrier, planning the funeral, and placement of obituary notices. There will be an additional charge for the direction and supervision of each service requested or required. This fee for our basic service and overhead will be added to the total cost of the funeral arrangements you select. (This fee is already included in our charges for direct cremations, immediate burials, and forwarding or receiving remains.)
- EMBALMING**..... \$920.00
Embalming is a chemical process which provides temporary preservation of the body and eliminates certain health hazards. A person licensed by this state must complete this procedure. Except in certain special cases, embalming is not required by law. Embalming may be necessary, however, if you select certain funeral arrangements, such as a funeral with viewing. If you do not want embalming, you usually have the right to choose an arrangement that does not require you to pay for it, such as direct cremation, or immediate burial.

If there will be a public viewing of the deceased, it is the policy of our firm to embalm the body. You may decline these services by either making other arrangements or selecting other services.
