## FOOTPRINTS

One night a man had a dream. In it he was  
walking along a beach with the Lord.

Across the sky flashed  
scenes from his life.

For each scene he noticed  
two sets of footprints in the sand, one belonging to him,  
and the other to the Lord.

When the final scene of his  
life flashed before him, he looked back, at the footprints  
in the sand. He noticed many times along the path of his  
life there was only one set of footprints, and realized that  
they came at the  
hardest and saddest times of his life.

Bothered about this, he  
questioned the Lord saying, "Lord, you said that once I  
decided to follow you,  
you'd walk with me all the way. But I  
have noticed that during the most burdensome times in  
my life, there is only one set of footprints.

I don't understand why when  
I needed you the most you would leave me."

The Lord replied, "My dear  
child, I love you and I would never leave you.

During your times of trial  
and suffering, when you see only one set of footprints, it  
was then that I carried you."
