

Tributes

Grandma,

It's always sad but comforting to silently recall your smile and dear familiar face so loved by one and all.

For the world may keep turning and change from day to day but precious memories of you will never fade away. And here's hoping that this message which carries so much love will somehow find its way to you in heaven up above. It's to let you know, dear Grandma that, although you are at rest you'll live forever in the hearts of those who loved you best.

Your Mother

Although you cannot hear her voice or see her smile no more, your mother walks beside you still just as she did before. She listens to your stories and she wipes away your tears; she wraps her arms around you and she understands your fears.

It's just she isn't visible to see with human eye, but talk to her in silence and her spirit will reply. You'll feel the love she has for you – you'll hear her in your heart; she's left her human body but your souls will never part.
