

Sisters In Heart

Patsy (Squeak) we've shared so much laughter, shared so many tears. We have shared so many memories that had grown throughout the years. We are not sisters by birth, but we've known from the start. God put us together to be sisters in heart. We have shared so much together that no one will ever know. I want you to know I will always remember those smiles that you gave me when I walk into the house. The smiles of love. My family, another limb has fallen from our family tree. I keep hearing Patsy (Squeak) saying, grieve not for me. Remember the best times, the laughter, the song, and the good life I lived while I was strong. Remember the good times we had growing up. All I want you to do for me is to continue my heritage of love, friendship, and concerns. Squeak would say, I'm counting on you to keep smiling and surely the sun will shine through. I am out of all my pain and suffering and I want you all to know my mind is at ease and my soul is at rest. Sleep on in paradise my sister, you will never be forgotten.

Your God-sister, Margaret Austin
