

We'll Remember You

We'll remember you
When the morning glories
Bloom early in the spring

We'll remember you on sunny days
We hear your voice, it's time to eat
Spaghetti and cheese or fried potatoes
With goulash and green beans

We'll remember you in the fall
Pumpkins pies for all
Ingredients?
We may or may not have
Remembered them all

When winter comes
And things slow down
Wahoo and skip-bo
Gather us around.

For in every season
These are the times,
We'll remember you

"Dear, Get me a Pepsi"
