Footprints in the Sand by Mary Stevenson

One night I dreamed I was walking along the beach with the Lord.
Many scenes from my life flashed across the sky.

In each scene, I noticed footprints in the sand.

Sometimes there were two sets of footprints, other times there was one set of footprints.

This bothered me because I noticed that during the low periods of my life, when I was suffering from anguish, sorrow or defeat,

I could see only one set of footprints.

So, I said to the Lord, "You promised me Lord, that if I followed you, you would walk with me always. But I have noticed that during the most trying periods of my life there have only been one set of footprints in the sand. Why, when I needed you most, you have not been there for me?"

The Lord replied, "The times when you have seen only one set of footprints is when I carried you."
