### **“I Will Live One”**

I know I have left you  
But only by sight  
I had to go where there is peace  
I could no longer put up a fight  
I know you are hurt, but don't cry for long  
Just remember, I will live on  
  
I am sorry, I know this was not in the plan  
You know I love you, I still love you  
I never asked for much  
But I need you to do something for me now  
I need you to close your eyes and picture me smile  
This is not goodbye, this is see you later  
Because I will live on  
  
Always on your mind  
Forever in your heart  
Talk to me like I am here  
And we will never be far apart  
Share my memories, remember them all  
But most of all, through my daughters  
I will live on!
