Footprints

*One night I dreamed I was walking along
the beach with the lord.
Many scenes from my life flashed across the sky.
In each scene I noticed footprints in the sand.
Sometimes there were two sets of footprints.
Other times there were one set of footprints.
This bothered me because I noticed that during
The low period of my life, when I was suffering from
Anguish, sorrow, or defeat,
I could see only one set of footprints.
So I said to the Lord, "You promised me, Lord, that if
I followed you, you would walk with me always. But I noticed
that during the most trying periods of my life there have only
been one set of prints in the sand. Why, when I have needed
you most, you have not been there for me?"
The Lord replied, "Dear child, the times when you have seen
only one set of footprints, that is when I carried you."*
