Letter to the Sabetha High School Class of 1972

Man's greatest gift to humanity is of himself – his time, thoughtfulness and consideration, and support of right and just causes. Be discreet in educating yourselves to attaining these goals for happiness and fulfillment in your lives.

Life is a fleeting thing. Make yours count for something each day. Live it with wholesomeness. It is not eternal.

I want to commend the seniors of Sabetha High School for the many good works you've accomplished this year. May you look back on this school with fond memories and always feel a hearty welcome to return to your "alma mater".
