I will lend you, for a little time, a child of mine, he said;
For you to love the while she lives, and mourn for when she's dead.
It may be six or seven years, or twenty-two or three;
But will you, till I call her back, take care of her for Me?
She'll bring her charms to gladden you, and should her stay be brief,
You'll have her lovely memories as solace for your grief.
I cannot promise she will stay, since all from earth return;
But, there are lessons taught down there I want the child to learn.
I've looked the wide world over in search for teachers true;
And from the throngs that crowd life's lanes, I have selected you.
Now will you give her all your love, nor think the labor vain;
Nor hate me when I come to take her home again?
I fancied that I heard them say, "Dear Lord, Thy will be done!"
For all the joys Thy child shall bring, the risk of grief we'll run.
We'll shelter her with tenderness, we'll love her while we may;
And for happiness we've known, forever grateful stay.
But should the angels call for her much sooner than we planned;
we'll brave the bitter grief that comes, and try to understand.

Dear Daddy's little girl,

I miss you and I love you so much. I never thought the day would come that I would lose you. I don't know what I will do without you. I know that you would want me to be strong because that's what I have always taught you. Baby girl, it hurts knowing that I will never feel your kiss or hold your heavy self (LOL); that's what I called you. I will miss hearing your voice say look daddy as you bust out in a dance and me being your biggest fan saying (go baby go), the smile you would put on your face as I called you my pretty little girl. You will forever be my special loving little girl. Fly high my princess, you are now an angel that I've always called you. Until we meet again.

Love, Daddy

My beautiful baby, my angel 🙏 Nellieana Charvell Braddock, you were here with us for 9yrs you were so love, you were my big baby and you knew mommyJ love you, oh am going to miss you, am going to miss my hugs and kisses that you would give me, am going to miss your beautiful smile, am gong to miss my talk with you that we use to have, how you would come home and tell me what you learn at school, and if I said something that wasn't correct you would tell me, oh am going to miss you my beautiful baby girl. Your mother is going to miss you, Your little brothers chase and Malachi is really going to miss there big sister....I will always love you, MommyJ

When me and my sister was little, I was her protector. I fought for her. When me and my sister grew up, I was going to buy her a house, because that is the only thing she told me that she wanted when she grew up. I was going to surprise her with a Mustang, her dream car.

My sister was the only one that had a key to my heart. We loved each other. Even though we would fight, we still loved each other.

Love Always

TREASURED MEMORIES OF A SPECIAL DAUGHTER

**Of all the gifts in life however great or small
To have you as my Daughter was the greatest gift of all**

**A silent thought, A secret tear
Keeps your memory ever near.
In my heart forever,
Death leaves a heartache No one can heal
Love leaves a memory no one can steal**

***Love and miss you my sweet daughter,
Mom***

My darling Nellie,

How can I ever imagine you leaving me here.
When I got the news that you was sinking, then was told you had passed away.
My heart was broken , only God knows how much I wanted you to stay.
But, when I saw you sleeping so peacefully and free from pain,
how could I wish you back with us to go through that again.

It broke our hearts to loose you but you didn't go alone,
part of us went with you when God called you home.

I believe roses grow in Heaven so Lord pick a bunch for and put them in her arms.
Tell her that we miss her and when she turns and smile,
place a kiss upon her cheek and hold there for a while.
Because remembering her is easy, we do it everyday,
but there is an ache in our hearts that will never go away.
