## *"We Wanted You to Stay"*

*In tears we saw you sinking, and watched you fade away.  
Our hearts were almost broken, we wanted you to stay.*

*But when we saw you sleeping, so peacefully-free from pain,  
How could we wish you back with us, to suffer that again.*

*It hurt us deeply to lose you, but you didn't go alone.  
For part of us went with you...the day God took you home.*

*Someday we're going to meet you, just how long we cannot tell.  
If we follow your example, then we too, with Christ will dwell.*

## *Wind Beneath My Wings*

*It must have been cold there, in my shadow,  
To never have sunlight on your face  
You've been content to let me shine, you always walked a step behind  
I was the one with all the glory, while you were the one with all the strength  
Only a face without a name, and I never once heard you complain  
Did you ever know that you're my hero, and everything I'd like to be  
I could fly higher than an eagle; Cause you are the wind beneath my wings  
It might have appeared to go unnoticed, but I've got it all here in my heart  
I want you to know I know the truth, I would be nothing without you  
Did you ever know that you're my hero, and everything I'd like to be  
I could fly higher than an eagle; Cause you are the wind beneath my wings  
You are the wind beneath my wings*

*When it seemed that our loss was too great to bear, we looked up and our friends were there. With flowers and words, written and spoken, with faces smiling and hearts opened. You comforted us and shared our grief, God bless and keep you all; Our gratitude cannot be adequately expressed with mere words, but they are the best we can do, We're saying..."Thank you for lifting the cloud and letting the sun shine through."*
