

Time

The sadness of the present days is locked and set in time,
And moving to the future is a slow and painful climb.
But all the feelings that are now so vivid and so real
Can't hold their fresh intensity as time begins to heal.
No wound so deep will ever go entirely away
Yet every hurt becomes a little less from day to day.
Nothing can erase the painful imprints on your mind
But there are softer memories that time will let you find.
Though your heart won't let the sadness simply slide away
The echoes will diminish even though the memories stay
