ACKNOWLEDGMENT

We the family of the late Ms. Effie Mae Patterson McCollum acknowledge with heartfelt gratitude to each of you, for all you have done to sustain us during this sad time of sorrow. Your prayers, visits, calls, flowers and all other acts of kindness was such a comfort to us during this time.

May grace and blessings be with you always.

Our Sister

In remembrance of our sister.... She was more than a sister to us Carolyn, Genolia and Lib. She was like a second mom because mom gave her the authority over us when she was at work. She eventually thought she was our mom! We do know she was more than a sister to us, she was also our FRIEND to the END.

Farewell Sis,

Love Genolia and Lib

We will meet again on that Great Day.

Granny

Dear Granny

*Late in the midnight hour you would answer the call
Share a prayer, a laugh, and encouraged us all.*

*Never hesitated to lend a helping hand
Continuing to tell us "we'll just do the best you can".*

*From your famous vocabulary
And Charolyn's favorite spelling of your name
The life you once knew will never be the same.*

*You have traded pain, loneliness, and despair,
To fly high among the clouds to wait for us there,
You were our provider, strength, mother,
And Granny, most importantly you were our friend*

*So we will do our best to keep in step
Because you wiped our tears,
Picked us up, dusted us off,
And pushed us to maintain your "KEP"*

Baby Boy

To my first Love, from the beginning you gave me confidence when no one else did. You taught me that people could get along with each other no matter their ethnicity. You taught me that there was more than one style of music. You showed me that the love for family comes first. Such an amazing Woman with accomplishments through adversities of life and times! I have no words for how I'm gonna miss you. So when I get sad from missing you I will pray because you taught me that too.

Rest Easy My Love, My Ma. I owe you Everything!

Forever Loving You
Your Baby
We Will Always Love You!
